Marrastu bidea sarreratik irteeraraino pasabideetatik irten gabe.

A square frame containing a complex, symmetrical geometric pattern. The pattern is composed of nested squares and rectangles, creating a maze-like structure. The design is symmetrical both horizontally and vertically. The outermost layer is a square frame. Inside this, there are several smaller squares and rectangles arranged in a way that creates a central open space. The pattern is reminiscent of a stylized maze or a decorative border. The lines are black and the background is white.
